# **PART 1 – SELECTION FRAMEWORK**

## **1.0 INTRODUCTION**

These criteria apply to the National Junior Teams only. The following items are addressed:

1. Introduction
2. Overall Philosophy and Values of Criteria
3. How to get on the National Junior Team Roster
4. Selection Criteria for Competitions
5. Requirements, Exemptions and appeals

The criteria will be applied to all National Junior Teams taking into account current points earned in the current and/or previous season (depending on point expiration of specific events) using the point criteria in Part II of this document.

All funding directed to athletes, as stipulated in Part II will be a function of Karate Canada's budget and the athlete's status.

The Junior National Team Roster will be named yearly, after the conclusion of Karate Canada's National Championships.

Medalists in each weight division at the Canadian National Championships will automatically named as members of the Junior National Team Roster and will remain National Team Roster members until the beginning of the National Championships of the following year, pending compliance with Requirements in Section 5.0, and other stipulations in this document.

Athletes who hold valid ranking points earned during the previous season and who take part in the 2018 National Championships (see possible valid exemptions as per Sections 4.2 & 5.2, as well as Appendix A) will also be automatically named as members of the Junior National Team Roster, and will remain National Team Roster members until the beginning of the National Championships of the following year, pending compliance with Requirements in Section 5.0, and other stipulations in this document.

An athlete may be a member of the Junior National Team Roster in more than one division, if he/she has participated and medaled in more than one division at the Canadian National Championships.

For the purposes of this document, the term "season" designates the time period between the end of one Karate Canada National Championship and the beginning of the Karate Canada National Championships in the following year. Also, any reference to the Junior National Team Head Coach(es) will refer to either the individual(s) filling that position or an appointed temporary substitute in the event that the Head Coach position(s) is (are) vacant.

The classification of domestic, continental and international tournaments, and the points which athletes are able to accumulate at each one, will be determined by the Junior National Team Head Coach(es) in collaboration with the High Performance (HP) Committee on an annual basis. Please refer to Part II for the classifications and point yields for each competition for the current season.

The international tournaments chosen for the Junior National Team Roster can be modified during

the course of the year by giving at least 4 (four) weeks notice prior to the event. Karate Canada may also cancel participation in any of these events due to unforeseen circumstances, such as re-scheduling or cancellation of the event by its organizing committee.

Please note that Karate Canada reserves the right to amend these Criteria after the date of their original publication, in accordance with the primary objective of enhancing Karate Canada's chances of obtaining podium results and achieving success at certain WKF and/or PKF competitions, and as may be required in order to align with international karate sport governing bodies (WKF, PKF...) and other external agencies / partners (Canadian Olympic Committee, Sport Canada, Own The Podium...).

## **2.0 OVERALL PHILOSOPHY AND VALUES OF CRITERIA**

The following criteria is designed to meet 2 objectives

1. To ensure that Karate Canada fields the most competitive teams as possible in accordance with the long-term objectives of the KC High Performance Plan, and
2. To develop future athletes as and when appropriate to ensure a healthy and continuous pipeline of athletes representing Karate Canada at designated events

The values used by the HP Committee when developing the Selection Criteria and for decision making in selection related matters are as follows:

### **Transparency**

ensuring that the selection process and decisions are clearly and fully communicated to KC stakeholders

### **Performance Excellence**

ensuring that decisions and criteria are guided by the philosophy of always selecting the best possible team for Karate Canada within consideration of funding and long-term performance objectives

### **Athlete safety and well being**

to ensure that athletes are not forced or coerced into over-competing and/or competing in inappropriate competitions, or at the wrong time of their training cycles.

## **3.0 HOW TO GET ON THE JUNIOR NATIONAL TEAM ROSTER**

An athlete must participate at the annual Karate Canada's National Championships of the current season (as defined in Part I, Section 1 – see possible exemptions in sections 4.2 & 5.2, and in Appendix A).

Medalists (top 4) in the Cadet (14-15), Junior (16-17) and U21 (18-20) kata and kumite divisions at National Championships will automatically be deemed "members of the Junior National Team Roster" for the current season, as will any athletes holding valid ranking points from the previous season and who have competed in the 2018 National Championships. An athlete may be a member of the National Team Roster in more than one division, if they participated in and won a medal at Nationals in more than one division.

Selection onto the National Team for a specific competition will occur no later than 4 (four) weeks before the start of the designated competition.

### **3.1 Citizenship Requirements**

Non-Canadian citizens may be named to the Junior National Team Roster and, thereby, earn ranking points at National Championships and at Open tournaments if and only if they are permanent residents. Only upon the attainment of Canadian citizenship will they become eligible to be named to a National Team representing Canada at Pan American Championships and official Intercontinental or World Championships. Non-citizen athletes on the National Team Roster will receive no funding from Karate Canada, and are not eligible for Sport Canada Carding (Athlete Assistance Program).

### **3.2 Selection of alternates**

Karate Canada is under no obligation to select an alternate for either a training camp or an international competition. See section 4.7 for the selection process and criteria for alternates.

As soon as an athlete is named onto a team for a specific competition as an alternate or to fill a vacant spot, he/she immediately becomes a Junior National Team Roster athlete, for the remainder of the season (as long as he/she meets all other requirements and conditions for the remainder of the season).

### **3.3 How to get points**

Athletes earn points:

1. Through any performance as listed in Part II and according to the Rules About Points (Section 3.4 below)

### **3.4 Rules About Points**

1. An athlete must win at least 2 bouts in approved competition (as listed in Part II) in order to accumulate the designated points. If an athlete wins only one bout, he/she will receive only 50% of the designated points. If an athlete obtains a result with no win, he/she will not be awarded any ranking points.
2. A win through a bye and/or absence of an opponent in the competitions listed in Part II will NOT be counted as a victory.
3. All rules apply to both team events and individual divisions.
4. Points obtained in team kata and team kumite will remain in the team division and will not be applied to any athlete's individual division. Should one of the three kata team members who earned these points be replaced by another athlete (due to the replaced athlete being injured or having decided to retire or withdraw from the team willingly), the kata team will continue to benefit from these points from the date on which they were earned until the

date of expiry. Should more than one of the original kata team members be replaced, retire or withdraw, points will be lost for all the kata team members regardless of their original anticipated expiry date.

5. If an athlete changes age division during the course of a season, they will not carry their points with them to the new age division. If this athlete has not won a medal at Nationals in an older category they will not be considered a member of the National Team Roster for this older category. If an athlete has already accumulated points at Nationals in an older category, future points for participation and/or performance in this older category will only be recognized once the athlete turns of age for the new category.
6. An athlete who is a member of the Junior National Kumite Team Roster and a medalist from the most recent Canadian National Championship can request to be transferred to a higher weight division, provided that:
  - a) it is in the same age category;
  - b) there is at least 1 vacant spot in that higher weight division, at the time of the request, among the medalists from the most recent Canadian National Championship;
  - c) the request is submitted in writing by the athlete and forwarded to Karate Canada no later than the start of the 2018 Junior National Team Training Camp (JNTC).

If the request is accepted by the Head Coach(es), the athlete will be introduced in this new higher weight division, and he/ she will carry with him/her the points he/she has previously accumulated, up to the total number of points held by the lowest ranked athlete (at the time of JNTC) in this higher weight division.

7. With the exception of situations described in point 3.4.5 above, points obtained in an individual division can only be accumulated within that same division. There cannot be cross-accumulation with other individual disciplines (i.e. kata and kumite), and/or age and/or weight divisions.
8. Only the events listed in Part II, Table 1 of this document will be considered for points.

### **3.5 Duration and Expiration of Points**

1. The start date of an Athlete's point accumulation is the end date of the event when the points were awarded.
2. Points from an events will expire:
  - At the beginning of the same event if that event occurs annually
  - 12 months from the beginning of an event if that event is cancelled or for whatever reason does not occur in the following year
  - At the beginning of the same event, (or after 2 years if the event doesn't reoccur in the following 2 seasons) for points derived from a medal at the Junior World Championships or at the Youth Olympic Games

NOTE: As per Part II, Table 1 points for events that do not occur in the following season are reduced by 50% after the 1<sup>st</sup> year.

### 3.6 Strength of Field

In order to ensure that events in which points can be accumulated are competitive the following rules will also apply for point accumulation.

#### **Strength of field categories:**

- An athlete in Top 8 at the most recent Junior World Karate Championships (regardless of any change in age or weight division)
- An athlete in the Top 5 at the most recent Pan American Karate Championships (regardless of any change in age or weight division)
- An athlete in the Top 5 at the most recent European Karate Championships (regardless of any change in age or weight division)
- An athlete in the Top 5 at the most recent Asian Karate Championships (regardless of any change in age or weight division)

KC ranking points for the 2018 Umag WKF Youth World Cup (Youth League event) will be reduced if the number of elite level competitors in this competition does not satisfy ‘Strength of Field’ requirements.

- In order to receive full points for gold at that competition, there must be 2 opponents from any one of the 5 “Strength of Field” categories listed above in the division. If the division only includes 1 opponent from any one of the 5 “Strength of Field” categories below, then only 75% of that event’s designated points for gold are awarded. If the division does not include any opponent from any one of the 5 “Strength of Field” categories below, then only 50% of that event’s designated points are awarded.
- In order to receive full points for silver at that competition, there must be 2 opponents from any one of the 5 “Strength of Field” categories listed below in the division, with at least one such athlete on the athlete’s side / half of the elimination sheet. If the division only includes 1 opponent from any one of the 5 “Strength of Field” categories below, then 75% of that event’s designated points for silver are awarded. If the division does not include any opponent from any one of the 5 “Strength of Field” categories below, then only 50% of that event’s designated points are awarded.
- In order to receive full points for any other result (below a gold or silver finish) at that competition, the athlete must be positioned on the same side / same half of the elimination sheet as at least 2 opponents from any one of the 5 “Strength of Field” categories listed above. If only 1 opponent from any one of the 5 “Strength of Field” categories below is on the same side / in the same half of the elimination sheet as the athlete, then only 75% of that event’s designated points are awarded. If no opponents from the categories below are on the same side / in the same half of the elimination sheet as the athlete, then only 50% of that event’s designated points are allocated for that event.

*Please note: should performance points earned at a competition be subject to point devaluation both under the Strength of Field criteria above and based on the number of matches won (as per 3.4.1), Karate Canada will consider the lowest of the two point totals for the competition, and will not devalue the ranking points from table 1 twice for a same competitive result.*

## **4.0 SELECTION CRITERIA FOR COMPETITIONS**

### **4.1.1 Mandatory Training Camps:**

In order to maintain their status as members in good standing of the Junior National Team Roster through the 2018-2019 season, so as to be eligible for automatic invitation to the 2019 Karate Canada National Championships (see notes at the bottom of table 1, in Section II), and so as to be eligible for participation in the 2018 Cadet & Junior Pan American Championships, the 2018 Youth Olympic Games Qualification Tournament and the 2018 Youth Olympic Games (if selected), and in any other international competition of the season as an official Canadian Junior National Team member, all Junior National Team Roster athletes (kata and kumite) must take part in:

- That season's National Championships
- That season's Junior National Training Camp \*
- The Karate Canada 2018 Summit Training Camp (Mandatory for Ontario and Quebec athletes only and highly recommended for others), and
- All Regional and Inter-regional Training Camps as described below.

(Notwithstanding exemptions listed below)

\* = IMPORTANT: Athletes who are selected onto the Senior National Team Roster for the 2018-2019 season will be exempted from mandatory participation in the 2018 Junior National Training Camp (JNTC).

The 2018 Junior National Training Camp (JNTC) will take place in the summer of 2018 (exact dates and location to be confirmed no later than 4 (four) weeks prior to the start of the event). Karate Canada reserves the right to schedule additional Junior National Training Camps. If more camps are scheduled, eligible athletes will be notified at least 4 (four) weeks before the beginning of each camp.

The date and location of each Regional and Inter-Regional Training Camp will be announced at least 4 (four) weeks prior to the beginning of each camp. An unofficial calendar of these Training Camps is in Part II, Table 3 of these Selection Criteria.

Karate Canada reserves the right to change the dates and/or location of any of the mandatory camps, or to cancel a camp, provided at least 2 (two) weeks notice is given to invited Junior National Team Roster members.

Please note that Karate Canada also reserves the right to add additional Regional Training Camps during the course of the season.

### **4.1.2 Regional and Inter-Regional Training Camps**

In order to remain on the Junior National Team Roster, all invited Junior National Team Roster athletes residing in Ontario or in Quebec must participate in all mandatory ON-QC Inter-Regional Training Camps, if they reside within a 300 km radius from the training camp venue. Athletes living outside of this perimeter will be exempt from mandatory participation in QC-ON Inter-Regional Training Camps.

Furthermore, in order to remain on the Junior National Team Roster, all invited Junior Kumite

National Team Roster athletes must participate in all mandatory Regional training Camps, if they reside within a 200 km radius from the training camp venue. Athletes living outside of this perimeter will be exempted from mandatory participation in Regional Training Camps.

Junior National Team Roster athletes residing in other provinces may be invited to take part in Regional and Inter Regional Trainings throughout the season as well.

#### **4.2 Exemptions from National Team Training Camps and / or Competitions**

See Section 5.2 below

#### **4.3 Selection onto the Junior National Team for Specific Competitions (Individual Divisions)**

In order to participate in Karate Canada sanctioned events listed in Table 1 as a member of the Canadian National Team in individual divisions, eligible athletes from the Junior National Team Roster will be selected based on highest point accumulation, at the cut-off date for each specific event, according to the table of events in Part II, Table 1, and according to the number of available positions for that event (based on Karate Canada budget and tournament rules).

Selection of the 2018 Cadet, Junior & U21 Pan American Championships Team will occur in early July 2018, shortly after the conclusion of the 2018 WKF Youth World Cup event, in Umag (Croatia).

#### **4.4 Developmental Events**

Additionally, athletes on the Junior National Team Roster may be invited to participate in some developmental international competitions solely at the Head Coach(es)' discretion throughout the year. Such discretionary invitations are not for KC ranking point-scoring events.

#### **4.5 Tie Breaking Procedure**

When two or more athletes hold the same total number of KC ranking points at the time of selection, the tie breaking process will be as follows (in sequence below, and decreasing order of priority):

- ▶ **Priority 1:** If tied athletes have both/all competed in the same division at the 2018 WKF Karate-1 Youth World Cup, the athlete with the highest total number of ranking points earned from performance at this event will be selected
- ▶ **Priority 2:** If the tie persists, the athlete who obtained the best result (in this division) at the 2018 Karate Canada National Championships will be selected.
- ▶ **Priority 3:** If the tie persists, final selection will be decided by the Head Coach(es) in charge of the Junior National Team program.

#### **4.6 Selection for Junior Team Kumite**

Selection of athletes participating in Team Kumite events, during international competitions, is at the discretion of the Junior Kumite National Team Head Coach, but selected athletes must either be current National Team Roster athletes or must have participated in the latest National Championships. The Junior National Team Kumite Head Coach's selection requires approval by the HP Committee.

#### **4.7 Selection for Junior Team Kata**

The team that wins the Team Kata competition in any given Junior division at the 2018 Karate Canada National Championships will be selected to represent Canada at targeted events.

#### **4.8 Alternates / Athlete Replacement**

Alternate – definition:

An alternate is an athlete who is selected as a replacement in order to fill a spot left vacant for a specific competition or training camp after an athlete originally selected through the ordinary selection process (see section 4.3) has pulled out or is declared unable to participate, due to injury, illness or other circumstances.

Important: Karate Canada is under no obligation to select an alternate for either a training camp or an international competition

##### **4.8.1 Individual Divisions:**

Should a selected athlete, at any time between the official date of team selection for a specific competition or training camp and the latest possible date on which Karate Canada may modify registrations in said event, have pulled out or have been declared unable to participate, due to injury, illness or other circumstances, that athlete may be replaced by an eligible athlete in accordance with the following decreasing priority:

- ▶ **Priority 1:** Next eligible athlete within the top 2 from the KC ranking in the division where there is a vacant spot;
- ▶ **Priority 2:** Any athlete within the top 4-ranked athletes from the division where there is a vacant spot or an adjacent (heavier or lighter) division, at the discretion of the Head Coach. If alternates are invited from adjacent divisions, the Head Coach must confirm the athlete's ability to make weight in order to fill the vacant spot. Alternate selections based on this 2nd priority require approval by the HP Committee.

As soon as an athlete is named onto a team for a specific competition as an alternate or to fill a vacant spot, he/she immediately becomes a Junior National Team Roster athlete, for the remainder of the season (as long as he/she meets all other requirements and conditions for the remainder of the season).

##### **4.8.2 Team Kumite Divisions:**

The selection of alternates in Junior Team Kumite divisions is at the discretion of the Junior National Team Kumite Head Coach, but selected athletes must either be current Junior National Team Roster members or must have participated in the latest National Championships. Selection of alternates by the Junior National Team Kumite Head Coach must also be approved by the HP Committee.

As soon as an athlete is named onto a team for a specific competition as an alternate or to fill a vacant spot, he/she immediately becomes a Junior National Team Roster athlete, for the remainder of the season (as long as he/she meets all other requirements and conditions for the remainder of the season).

### **4.8.3 Team Kata Divisions:**

The selection of alternates (for replacement of an athlete due to injury or who has decided to retire or withdraw from the team willingly), in Junior Team Kata divisions, can be recommended by the remaining kata team members (athletes) themselves, but must be approved by the Junior National Team Kata Head Coach and by the HP Committee. Not more than one alternate may be selected per Junior kata team.

As soon as an athlete is named onto a team for a specific competition as an alternate or to fill a vacant spot, he /she immediately becomes a Junior National Team Roster athlete, for the remainder of the season (as long as he /she meets all other requirements and conditions for the remainder of the season).

### **4.9 Calendar of Competitions for the season**

The calendar of competition events for the season is found in Part II, Table 1.

Notification of such an event must include details of the circumstances along with any supporting evidence scanned and/or emailed to the Karate Canada Head Office.

In the cases of injuries, disease or other performance limiting physical condition, the athlete must include a medical certificate indicating the specific problem, its severity and the estimated recovery time. Karate Canada has the right to seek its own medical opinion before rendering their final decision on potential exemption or consequence of the injury.

An athlete who has sustained an injury must be present at all mandatory training camps unless the ability to receive appropriate medical treatment for that injury precludes that athlete from attending, or unless waived by the Head Coach(es).

An athlete whose condition persists and who is unable to undergo full training during the 2 (two) week period prior to an event may be withdrawn by Karate Canada from the team representing Canada at that event.

Karate Canada will accept or reject all requests for exemptions and deliver its decision within a reasonable time period following receipt of request for exemptions. Such decisions will be final and without appeal.

Notes for Table 1

\* = Please note that KC ranking points for performances at the 2017 Cadet, Junior & U21 World Championships remain valid for 2 years (from date when obtained) or until next occurrence of event –which ever occurs first, with 50% devaluation of allocated points after 1 year, regardless of the athlete’s possible changes in weight and age division. However, if the points are earned in a U21 division, the athlete will receive equivalent points in the Senior (18+) division, up to the maximum value of a bronze medal result at Senior Pan American Karate Championships of the current season.

\*\* = Points valid only until the beginning of the following Junior Pan American Championships, so long as the athlete is still competing in the same division.

\*\*\* = Podium (gold, silver, bronze) points valid for 2 years, with 50% devaluation of allocated points after 1 year, regardless of the athlete’s possible changes in weight and age division. However, if the points are earned in a U21 division, the athlete will receive equivalent points in the Senior (18+) division, up to the maximum value of a bronze medal result at Senior Pan American Karate Championships of the current season. Top 5 – Top 8 points valid one year.

\*\*\*\* = IMPORTANT: For athletes selected onto both the Senior and Junior National Team Rosters for the 2018-2019 season, Karate Canada will award KC ranking points in the athletes’ Junior divisions (U21 and/or Junior) for either the 2018 Senior Pan American Championships (using the point ratios listed in Table 1 above) OR the 2018 Youth World Cup WKF K1 event, whichever of the two is highest.

The two (2) top-ranked Junior National Team Roster athletes in each division (at the end of the season) will be automatically invited to participate in the 2019 National Championships, in Cadet (14-15 year old), Junior (16-17 year old) and U21 (18-20 year old) divisions regardless of any change in age or weight division within Junior divisions (automatic invitations do not carry over to Senior divisions). These athletes must still meet team eligibility requirements set by their respective PTSO (in terms of participation in provincial/territorial selection tournaments and/or trainings, etc), and must be active members in good standing of Karate Canada’s Junior National Team Roster on October 1st 2018 or at the conclusion of the 2018 Summit (whichever occurs last). ## APPENDIX A –

### RULE FOR EXEMPTION FROM THE 2018 NATIONAL CHAMPIONSHIPS FOR WKF TOP-RANKED CANADIAN ATHLETES

*(Version 2.0 – Board approved on January 24, 2018)*

As part of the qualification process towards participation in the 2020 Olympic Games, it is expected that athletes' international ranking point totals and WKF standings will be of great importance. Consequently, Karate Canada deems it imperative to adopt National Team selection rules and criteria that will not hinder its top-ranked athletes in their efforts to earn and accumulate additional WKF ranking points, through performance at key international events.

In accordance with the Organization Rules for the 2018 WKF Premier League Karate-1 events, only athletes whose standing is amongst the top 50 of their Senior division, in the WKF rankings, will be assured of the opportunity to participate in these competitions, where results will yield a very high WKF ranking point value.

In aligning with these rules, and while participation in the National Championships is normally a requirement for eligibility towards selection onto the National Team Roster for the ensuing season, Karate Canada will exempt all athletes who meet all three of the following conditions from mandatory participation in the 2018 National Championships, and these athletes will remain eligible for invitation to the 2018 First Senior National Training Camp (SNTC-1; and to the 2018 Junior National Training Camp, or JNTC, if applicable) and to nomination onto Karate Canada's National Team Roster for the 2018-2019 season:

1. The athlete is taking part in a WKF Karate-1 Premier League event occurring within four (4) weeks (28 days) of any of the dates of the 2018 National Championships (March 9-11); this means participation in any WKF Karate-1 Premier League event occurring any time between February 9th (inclusively) and April 8th 2018 (inclusively); see 2018 WKF Events Calendar in Appendix A;
2. The athlete is in the top 50 of the WKF world rankings of his / her Senior division at the time of the opening of registration for this WKF Karate-1 Premier League event;
3. The athlete is a member in good standing of the National Team Roster at the time of his / her registration in this WKF Karate-1 Premier League event.

So as to further ensure that these top-ranked athletes are not penalized by their pursuit of international ranking points and by their efforts towards qualifying for the Tokyo 2020 Olympic Games, all athletes benefiting from the exemption mentioned above will also be awarded the KC ranking point amounts listed below (in accordance with the point value reflected in the appropriate season's Senior National Team Criteria):

- a. KC ranking points for results (matches won and podium placement) at the WKF Karate-1 Premier League event occurring within four (4) weeks (28 days) of any of the dates of the 2018 National Championships,

AND

(...)

(...)

- b. amount of KC ranking points equivalent to that being awarded to gold medalists of the 2018 National Championships,

*Note: Should the athlete also be age-eligible for competition in the U21 division (and / or Junior (16-17) division for kata athletes), he / she will also automatically be awarded the amount of KC ranking points equivalent to that being awarded to gold medalists of the 2018 National Championships in his / her relevant U21 division (and Junior division if applicable).*

*Please note: if the athlete participates in more than one WKF Karate-1 Premier League event occurring within four (4) weeks (28 days) of any of the dates of the 2018 National Championships, while they may earn more KC ranking points for their results at these different WKF Karate-1 Premier League events, they may only be awarded the amount of KC ranking points equivalent to that being awarded to gold medalists of the 2018 National Championships once, if applicable.*

*Please also note: in order to benefit from the automatic awarding of points equivalent to a gold medal at the 2018 National Championships, athletes eligible to benefit from this exemption (and therefore competing at a Karate-1 Premier League event within four (4) weeks (28 days) of any of the dates of the 2018 National Championships) may not compete at the 2018 National Championships in the individual divisions in which they will also compete at the adjacent Karate-1 Premier League event. Should eligible athletes choose to compete at the 2018 National Championships in those individual divisions, they will forfeit access to this exemption and therefore also to any linked benefit such as the guaranteed awarding of KC ranking points equivalent to a gold medal at the 2018 National Championships in those divisions.*

## APPENDIX B –

### AUTOMATIC INVITATIONS TO THE 2019 NATIONAL CHAMPIONSHIPS

Please note that Karate Canada will automatically invite the following to the 2019 National Championships:

1. All gold and silver medalists from the previous (2018) National Championships (including Youth division athletes), regardless of any change in age or weight divisions within Junior divisions (Youth, Cadet, Junior and U21) and;
2. The two (2) top-ranked Junior National Team Roster athletes in each division (at end of the 2018 season), regardless of any change in age or weight divisions within Junior divisions (Youth, Cadet, Junior and U21) and;
3. All Senior athletes holding status (International A, B or C or National A), regardless of any change in weight divisions within Senior kumite divisions.

All automatically invited athletes must still meet team eligibility requirements set by their respective PTSO (in terms of participation in provincial selection tournaments and / or training sessions, etc). An athlete may not be automatically invited in a Senior division on the basis of their top 2 ranking in Junior divisions (Cadet, Junior and / or U21) or the basis of gold and silver medal results from Junior divisions (Cadet, Junior, U21) from the previous (2017) National Championships

**Additionally, all automatically invited athletes (except Youth division athletes) must be active and current members in good standing of the National Team Roster, according to Karate Canada's National Team Head Coaches and in accordance with published National Team Criteria, on October 1st, 2018 or at the conclusion of the 2018 Summit (whichever occurs last).**

Automatically invited athletes may register (with their PTSO approval) in any and all divisions for which they are age and weight-eligible at the time of registration, with the following exceptions:

- Athletes automatically invited based on medals or ranking points earned in Cadet (kata) and / or Junior and U21 kata and kumite divisions will not be automatically invited to compete in Senior divisions (age 16+ for kata, 18+ for kumite).
- Athletes automatically invited based on medals or ranking points earned in one discipline (either kata or kumite) will not be automatically invited to compete in the other discipline (either kumite or kata) by virtue of these medals or results. That is, athletes automatically invited to compete in kata are not automatically invited to compete in kumite, and vice versa). Obviously athletes that qualify in both kata and kumite will be automatically invited to compete in both divisions.

*Note: Karate Canada will release the list of automatically athletes in October 2018. .*
